Return of G. A. Maison and Harry Gwinnup from the north brings out the fact that Tulsa has been well represented in at least two important tournaments of the summer. Both Maison and Gwinnup enlered in the trans-Mississippi tourney which was held in Minneapolis in July. Some of the leading golfers in the west were entered Mr Matson folies to qualify but Gwinnup negotiated a good qualifying score and also wor his first round match. He capitulated in the second round of play. Determined to equal the record of the Oklahoma state champion, Matson repaired to Chicago where he entered the city championship event in that city, Striking one of his rich stata of form Mr. Matson swept through to the championship.

BARTLESVILLE, Okla. Sept. 2—Washington county is going to vote bonds for the construction of a system of good roads in the county. The selection will probably be held this fall if all the details can be arranged for holding the election. Recently Engineer Hughes made a report of the probable cost of a system of hard surfaced roads, but his estimate was too high for it called for a greater amount of money than could be raised by a bond issue. The county's assessed valuation is \$30.000.000. The law permits the voting of bonds for 2 per cent or less of the assessed valuation of the county.
